

Policy: Minimum Wage

1. The MUN Students' Union will work with coalition partners to lobby and campaign for increases in minimum wage until every worker in the province is earning a living wage.
2. MUNSU will review its policy on salaries on June 1st of every year to ensure wages are fair. This review will be conducted by the Finances & Services committee, and wages will not be reduced. Once a living wage is enacted, the Finance and Services Committee must review and update the Salaries policy accordingly.
3. MUNSU supports the \$15 & Fairness Campaign of Common Front NL and the campaign's goals, until such time as it is inactive or the goals are accomplished.
